Two babies in mommy's belly instead of just one.

Twin babies born together,
one daughter and one son.

Twin babies growing bigger

Each and every day.

Crawling,

Then walking and
learning to play.

Twins playing together is
two times the fun.

And with their big sister,
they learn to run.

Two is for twins,
one girl and one boy.

And one big sister makes a family filled with joy.

Tai Shane pregnant with twins belly painted,
Aug. 23, 2018 and big sister, Ariya Shane.
